3

TITLE: Building plans

DATES: 1959-

ARRANGEMENT: Alphanumerical

DESCRIPTION:

These are the blueprints and specifications submitted by building contractors or government agencies applying for a building permit for the construction of government buildings. The specifications are compiled by the architect for use by the contractor to complete detail work providing type, grade, brand of materials to be used and general conditions which govern the methods to be employed. They also identify the temporary facilities, job cleanup, security, time limits, deadlines, and responsibilities of the architect, government agency and contractor. They are used for determining code compliance and the enforcement of building codes. They are usually arranged by permit number or address. Film holdings may also include residential and private commercial buildings with a limited retention.
